Conferința lunară

Harmonic Analysis on Nilpotent Lie Groups

Ingrid Beltita

(IMAR)

Conferința va avea loc **Miercuri 10 februarie 2016, ora 13:00**
la sediul **IMAR,** amfiteatrul "Miron Nicolescu", parter

Abstract: The study of representations of nilpotent Lie groups requires an interplay between algebra, Banach algebras and C*-algebras techniques. The lecture aims to illustrate this assertion, presenting results on the L^1 algebra and the C*-algebra of a nilpotent Lie group obtained by using properties of the coadjoint orbits.
