

The Department of Mathematics at Swansea University
in collaboration with
The Wales Institute of Mathematical and Computational Sciences

is in the process of strengthening its group in Analysis, especially in the Analysis of Partial Differential Equations. Within these developments we invite applications for PhD studies in Analysis (especially Analysis of PDE's). Financial support will be available depending on qualifications and confirmation of resources.

For informal enquiries contact
Professor VitaliLiskevich(V.Liskevich@swansea.ac.uk)

Formal applications forms available from
<http://www-maths.swan.ac.uk/pgadmiss.html>

Completed formal applications to be received no later than 16 March 2007.
