

Laboratoire Européen Associé CNRS Franco-Roumain

"Simion Stoilow" Institute of Mathematics of the Romanian Academy

Workshop on
Stochastic Analysis and Potential
Bucharest, June 17-19, 2008
at IMAR, Hall 306

Program

Tuesday, June 17, 2008

15:00-15:45 **Denis Feyel** (Univ. Evry): *Un lemme de recollement non-commutatif (I)*

Coffee

16:00-16:45 **Arnaud de La Pradelle** (Univ. Paris VI): *Méthode d'Euler pour une EDO dirigée par un signal irrégulier (I)*

17:00-17:45 **Nicu Boboc** (Univ. of Bucharest): *Nonsymmetric resistance forms*

Wednesday, June 18, 2008

10:00-10:45 **Denis Feyel** (Univ. Evry): *Un lemme de recollement non-commutatif (II)*

Coffee

11:00-11:45 **Arnaud de La Pradelle** (Univ. Paris VI): *Méthode d'Euler pour une EDO dirigée par un signal irrégulier (II)*

Lunch

15:30-16:15 **Mihai N. Pascu** (Transilvania Univ. of Brasov): *On a conjecture of Laugesen and Morpurgo*

Coffee

16:30-17:15 **Eugen Popa** (Al.I. Cuza Univ. of Iasi): *Quelques remarques sur les semigroupes absolument continus*

Thursday, June 19, 2008

10:00-12:00 *Discussions*

Financial support from SOFTWIN S.A. and from **the Romanian Ministry of Education, Research and Youth** (CEEX Program, through contract No. Cex06-M3-102/2006 and PN II Program, Project 373/2007, CNCSIS code ID 209) is gratefully acknowledged.
