6th CONGRESS OF ROMANIAN MATHEMATICIANS

June 28 - July 4, 2007, Bucharest, Romania

Second Announcement

This meeting is intended to resume an old tradition of holding congresses of Romanian mathematicians and it is largely open to international participation. Five such congresses were organized in Cluj (1929), Turnu Severin (1932), Bucharest (1945 and 1956), and Pitești (2003).

The 6th Congress will be held in Bucharest from June 28 to July 4, 2007, and will be organized by the Section of Mathematical Sciences of the Romanian Academy, the Faculty of Mathematics and Computer Science of the University of Bucharest, ”Simion Stoilow” Institute of Mathematics of the Romanian Academy, West University of Timișoara and the University of Pitești.

The Congress will work in paralel sections, except for the first day when some plenary addresses are scheduled, focused on: the Mathematical research and Mathematical education in Romania, and the relation to the Romanian Mathematical diaspora. A selection of the proceedings of the congress will be published.
