

ACTIVITY REPORT

2016

The present Board of Directors of the SNS Foundation has been elected by the Founders Assembly by electronic vote, on February 2015. Here is the report concerning our activity in 2016, elaborated in cooperation with the Director of the Department of Biochemistry, Dr. Ștefan Szedlacsek and our Executive Director Ms. Claudia Dan.

1. Funds raising activity.

In 2016, besides the main financial support coming from our strategic partners: Axxess Capital Group and SOFTWIN Group, we have also used the following procedures:

1. the facility offered by the Romanian taxation system through the 2% amount that can be oriented directly to a chosen target; amount obtained until now: 8985.24 lei (january-december 2016).
2. a fund raising campaign addressed mainly towards some of our colleagues from abroad; amount obtained until now: 520 USD
 - Ioana & Florin Boca: 600 lei
 - Cucu Cristian Florin 1200 Euro
 - Victor Lie: 240 USD

2. Monitoring the scientific life of the Upper Normal School from Bucharest. The Department of Mathematics

1. *The final situation of the academic year 2015-2016*

List of courses:

1. Invariant probabilities and applications– Eugen Mihailescu
2. Differential forms and algebraic topology– Sergiu Moroianu
3. Stochastic Calculus for Finance– Traian Pirvu
4. Topology of algebraic varieties- Cristian Anghel
5. Selected topics in Partial Differential Equations- Cristian Cazacu
6. Analytic Number Theory- Alexandru Gica
7. Compact Operators, Unbounded Operators and Integral and Differential Equations- Serban Stratila

Students:

- ***Preparatory Cycle:***
 - Băltărigă Alexandru – graduated the CP
 - Băltărigă Anca – graduated the CP
 - Pașca Vlad-Paul - graduated the CP
 - Paraicu Emilian – didn't graduate the CP
- ***M1:***
 - Mădălina Bolboceanu – graduated the M1
 - Cătălin Vrabie – graduated the M1
- ***M2:***
 - Filip Chindea – graduated the M2
 - Miron Stanciu – graduated the M2

Results:

Student / Course		1	2	3	4	5	6	7
Băltărigă Alexandru	CP		18				20	
Băltărigă Anca	CP		18				20	
Pașca Vlad-Paul	CP		18			19		
Emilian Paraicu	CP					absent		
Mădălina Bolboceanu	M1	20		20			20	20
Cătălin Vrabie	M1	18		20		15		15
Filip Chindea	M2		20		20		20	20
Miron Stanciu	M2		20					

2. The admission examination 2016

The admission examination has been organized on May 17, 2016 and a fall session has been organized on September 29, 2016. The following new students have been accepted

Preparatory cycle:

- ANGHEL Cipriana
- BUD Viorel Andrei
- CONSTANTINESCU Vlad-Raul
- HURJUI Ionuț – Alexandru
- STAN George Rareș
- TĂNĂSESCU Andrei

(all of them are in the 3-rd year of licence at the Faculty of Mathematics and Informatics of the Bucharest University)

M1:

- POPESCU Daniel-Constantin

3. The situation of the academic year 2016-2017

List of courses:

Fall Semester:

1. Eugen Mihăilescu: Dynamics on fractals
2. Daniel Cibotaru: Introduction to Geometric Measure Theory
3. Sebastian Burciu: Representation theory of finite groups

Spring Semester:

4. Liana David: Conformal geometry and twistor theory
5. Cristian Anghel: Algebraic curves and surfaces by examples
6. Liviu Ignat: Harmonic Analysis and Partial Differential Equations
7. Cristodor Ionescu: Homological Methods in Commutative Algebra
8. Șerban Strătilă: Basic Operator Algebras

Students:

Preparatory cycle:

1. Cipriana ANGHEL
2. Viorel Andrei BUD
3. Vlad-Raul CONSTANTINESCU
4. Ionuț – Alexandru HURJUI
5. George Rareș STAN
6. Andrei TĂNĂSESCU

M1:

7. Alexandru BĂLTĂRIGĂ
8. Anca BĂLTĂRIGĂ
9. Vlad-Paul PAȘCA
10. Daniel-Constantin POPESCU

M2:

11. Mădălina BOLBOCEANU
12. Cătălin VRABIE

A: participating to the lectures without examination.

The Department of Biochemistry

1. *The final situation of the academic year 2015-2016*

Since 2015 the lectures of the Department of Chemical Biology have been discontinued. The main reason of this situation is the lack of interest of students for this form of masteral studies given that the diploma they would obtain graduating SNSB would not allow them to enroll as PhD students in a Romanian University or in a Research Institute. Indeed, at present, SNSB is not accepted by Romanian laws as an official masteral school and thus, the SNSB diploma is not accepted by Romanian authorities for enrollment in a Doctoral studies.

I should also mention that in 2015 we had only 2 candidates for admission but both failed the admission exam due to the low level of their professional background. Thus, during the academic year 2015/2016 the Department of Chemical Biology had no students and consequently no lectures.

On the other hand there are young students potentially interested in SNSB which has become well-known meanwhile for its high level lectures and the international standards of its masteral courses. As soon as a legal statute of SNSB can be set up, that is one accepted by the Romanian authorities, then the Department of Chemical Biology of SNSB can resume its activity.
